

Knight Templar Magazine Index

The Knight Templar magazine was first published in 1955 on a bi-monthly, subscription basis. This official organ of the Grand Encampment of Knights Templar became a monthly publication in 1961, and in July 1969, the Grand Encampment began all-member mailings. Also beginning in 1969, pages 28 and 29 were devoted to the news of the individual state. Later, the grand jurisdictions used pages 16 and 17 for state supplements, and late in 2008, pages 18 and 19 were used for supplements as the number of pages in the magazine increased.

This consolidated reference index for the Knight Templar magazine spans the period **July 1969 through September 2017**. Feature articles and major news highlights are listed by title and cross-referenced under the author's name and often, by subject (keyword). When a listing appears for an article located on page 16 or 17 (pages used for state supplements), this always refers to pages in the general monthly magazine - never a state supplement. If page is indicated as 1 or 0 (zero) that is the front cover. If a page is listed as 36, it is the back cover.
