THE EYE DONOR PROGRAM

Eyes for corneal transplantation are donated by individuals like yourself. Upon death, specially trained personnel remove the eyes, without any disfigurement and at no cost to the donor or his family. The eyes are examined and taken to the hospital where the next surgeon on the waiting list has arranged, on the shortest possible notice, to perform the corneal transplant. The whole process must be completed within 48 hours. Probably the donor will have given sight to two persons.

YOUR EYE LEGACY SHOULD NOT BE INCLUDED IN YOUR WILL SINCE WILLS ARE USUALLY NOT READ UNTIL TOO LATE FOR THE EYES TO BE OF USE.

Authorities of all major religions have given approval to the sight restoration program.

HOW CAN YOU BECOME A DONOR?

Simply sign the attached card in the presence of two witnesses. Persons under the age of 18 may be donors if either parent or guardian gives consent. The card should be carried in your wallet in a conspicuous place.
