HAPPY FEBRUARY!

Especially to all our supportive Ladies.

To all Sir Knights wherever on planet Earth you may reside. May the great living God above keep you in good health. Today the sun is shining brightly for us to enjoy all of the great creations that he has given us. Now it is our time to shine for one another, both outside our encampments as well as inside. We must always keep our light shining for each other so those on the outside can also see the beams that we emit.

My fellow Knights, and Brethren all we are the glow to all that is around us, let us so shine inside ourselves.

KEEP-A-GRIFFIN
